

A comprehensive price list for optical fiber cable boxes

Summary of Content

Fiber optic cable boxes typically range from \$20 to \$300 or more depending on type, fiber count, and features.

Typical Price Ranges

- **Small Wall-Mount Boxes (6–12 fibers):** \$20–\$50 These are suitable for single-room or small office installations, often supporting LC or SC connectors for single-mode or multimode fibers .
- **Medium Wall-Mount or Rack-Mount Boxes (12–48 fibers):** \$50–\$120 Designed for network closets or intermediate distribution frames, these boxes may include splice trays, patch panels, and multiple connector ports .
- **Large Rack-Mount or MPOE Boxes (48–144 fibers):** \$120–\$250 Used in data centers or building backbones, these enclosures support high-density fiber management, pre-terminated assemblies, and modular adapters .
- **Premium or Specialized Boxes (Armored, Outdoor, Weatherproof):** \$200–\$300+ These boxes are designed for harsh environments, outdoor deployment, or direct burial applications. They often include reinforced enclosures, weatherproof seals, and armored cable compatibility .

Factors Affecting Price

- **Fiber Type and Count:** Single-mode boxes are generally less expensive than multimode boxes with higher strand counts. A 6-strand LC box costs significantly less than a 48-strand MPOE enclosure .
