

AW distribution box model

Summary of Content

The AW distribution box model from AW-Tools is a compact, waterproof electrical housing measuring 25 x 20 x 9.7 cm, suitable for professional installations.

Product Specifications

The AW distribution box is designed for safe electrical installations and must be handled by a certified electrician. Its dimensions are 25 x 20 x 9.7 cm, and it weighs approximately 570 grams. The box is made of painted plastic, providing durability and resistance to moisture, with an IP65/IP67 rating, making it suitable for wet room or outdoor applications. It does not include batteries or additional accessories .

Installation and Usage

This distribution box is intended for housing electrical connections in residential or commercial settings. All wiring and connections should comply with local electrical codes and be performed by a qualified professional. Its compact size allows for installation in tight spaces, such as wet rooms or behind panels .

Digital Resources and 3D Models

For design and planning purposes, 3D models and CAD files of distribution boxes are available:

- SketchUp and AR models can be found on platforms like 3D Warehouse and Sketchfab, allowing visualization in projects before installation .
- CAD files compatible with SOLIDWORKS, Inventor, CATIA, AutoCAD, and other software are available from suppliers like TraceParts, including neutral formats such as STEP, STL, IGES, DWG, and DXF .
