

Aerial Optical Cable Terminal Accessories

Overview

Durable aerial hardware for fiber utility and telecom builds, including brackets, straps, J-hooks, clamps, grounding, and mounting solutions for pole line and aerial cable support. HTL provides complete product range as part of aerial cable accessories for application in suspension assembly and terminating assembly. Suspension Assembly: Helically formed suspension fittings along with the elastomer pads inserts strapped by a galvanized steel eye-band is used to hang from the. In this guide, we will go through the most common FTTH aerial installation accessories and explain what they are used for. FTTH aerial networks are usually installed outdoors. This means they must deal with wind, rain, sunlight, heat, cold, and long-term cable tension. CONWELL delivers robust LV-ABC solutions that prevent power outages and ensure network safety.
