

Bolivian network server rack brands

Summary of Content

Key server rack brands available in Bolivia include Lenovo, GIGABYTE, SKYFRAME SRL, and Toten Rack via Innova Networks SRL.

Local Brands and Distributors

SKYFRAME SRL offers a wide range of server solutions, including rackable servers designed for space efficiency and high performance. They provide modular and scalable options suitable for enterprise workloads, virtualization, and cloud computing, along with storage solutions like SAN/NAS for both small and large businesses in Bolivia (Skyframe Bolivia) . Toten Rack, distributed by Innova Networks SRL, provides a variety of rack products, including 43 different models suitable for networking and server installations, focusing on organized and secure equipment management (Inova Networks) .

International Brands with Local Presence

Lenovo Bolivia supplies rack servers designed for small to large enterprises, offering flexibility, efficiency, and reliability. Their rack servers support diverse workloads and provide a solid foundation for IT operations, making them suitable for growing businesses and critical enterprise applications (Lenovo Bolivia) . GIGABYTE Bolivia offers rack servers from 1U to 5U, optimized for demanding data center applications. These servers support AMD, Intel x86, and ARM processors, extensive DDR5 memory, and hot-swappable storage, making them ideal for virtualization, high-performance computing, and enterprise data centers (GIGABYTE Bolivia) .
