

Calibrating a multimeter in Kenya

Summary of Content

You can have your multimeter calibrated in Kenya at accredited laboratories such as Gallant Scientific Ltd, Sigma Inspectorate, EIAL Procal, SGS Kenya, or Azania Laboratory, all offering ISO/IEC 17025:2017-compliant services.

Accredited Calibration Laboratories

Gallant Scientific Ltd in Nairobi provides traceable calibration services for electrical instruments, including multimeters, following ISO/IEC 17025:2017 standards. Their labs are accredited by KENAS, and they offer both in-lab and on-site calibration with certified technicians and traceable standards to KEBS and international units (SI) . Contact: +254 112 471 357, Mombasa Road, Nairobi. Sigma Inspectorate East Africa Ltd offers high-quality calibration for electrical instruments, including ammeters, voltmeters, and multimeters. They are ISO 17025:2017 accredited and provide after-sales support, testing, and inspection services for industrial and laboratory equipment . EIAL Procal Calibration Lab specializes in electrical calibration, including multimeters and clamp meters, with ISO/IEC 17025:2017 accreditation. They provide detailed certificates and ensure traceability to international standards . SGS Kenya provides comprehensive calibration services for measurement instrumentation, including electrical devices. Their services ensure high accuracy and traceability to international standards, reducing measurement uncertainties . Azania Laboratory offers precise calibration for electrical instruments, including multimeters, with ISO 17025 accreditation. They provide conformity assessment, consultancy, and training services across East Africa .
