

# Customized Distribution Box in Yugan

## Summary of Content

Yugan offers multiple suppliers for customized distribution boxes, providing solutions for industrial, outdoor, and portable power distribution needs.

### Overview of Options

Customized distribution boxes in Yugan are available for a variety of applications, including industrial projects, construction sites, outdoor installations, and portable power solutions. These boxes can be tailored to meet specific requirements such as waterproofing, explosion-proofing, mobility, and electrical layout configurations .

### Key Features

- **Materials and Durability:** Many boxes are made from high-quality steel, iron, or PC (polycarbonate) materials, offering fire resistance, UV protection, and durability for both indoor and outdoor use .
- **Protection Levels:** Options include IP65-rated waterproof boxes, dustproof and rainproof designs, and explosion-proof models for hazardous environments .
- **Customization:** Suppliers provide in-house CAD design and engineering support to create boxes that fit specific dimensions, electrical components, and functional requirements .
- **Electrical Components:** Distribution boxes can include main switches, circuit breakers, earth and neutral copper bars, and modular equipment for power distribution and safety monitoring .
