

Distribution box etb

Overview

The External Terminations Box (ETB) creates a unique network access point to the FTTH optical fibre network. The ETB houses a built-in spindle on which a plastic moulded cable dispenser reel / drum can be mounted. Leading electrical protection devices manufacturer in the world. This website provides online services for suppliers free of charge, including application for inclusion in the GLD Notification Lists, accessing the e-Tender Box (ETB) as well as viewing the standard terms and conditions for tenders/ contracts therein. This significantly increases the reliability and speed of storing excess cable slack. MARECHAL® electrical enclosures are designed for low voltage electrical installations. They are designed and manufactured to be installed in extreme environments and offer a high degree of modularity to meet a wide range of applications.
