

Epm-53x Optical Power Meter

Overview

The EPM-53X from Fosco Connect is a Optical Power Meter with Measurement Range (Power) -50 to 26 dBm, Calibrated Wavelength 850 to 1550 nm, Resolution 0. More details for EPM-53X can be seen below. For reliable, long-term performance, 300-hour power resistance is available. Meets users' testing requirements in LAN, outdoor, subcontractors, FTTH and CATV applications. Handheld light source/power meter combo delivering simple, accurate measurement of signal attenuation during fiber-optic cable installation To view the full specifications, download the spec sheet below. EXFO's FiberBasix 50 series meets your basic day-to-day test requirements while helping you. The EXFO Fiberbasix EPM-50 Power Meter allows power measurements up -60dBm to 10 dBm with battery autonomy of over 300 hours.
