

# Fiber Optic Endface Electric Cleaning Pen Explosion-proof

## Overview

Fiber Optic Cleaner Pen is designed to specially work well with the female connectors, this instrument cleans the fiber end faces removing dust, oil, and other debris without nicking or scratching the end face. The electric fiber endface cleaning pen can completely remove anhydrous stains from the fiber endface and carry the stains away; Its high rotation speed achieves an effect similar to endface polishing, making it especially suitable for stubborn stains on fiber endfaces that haven't been cleaned for. Automated fiber end-face cleaner for single and multi-core, achieving a high cleaning efficiency of 98%. Offsoon Pro-L is the automated single and multi-fiber endfaces cleaning machine newly launched by Dimension. On the basis of retaining the original advantages, its built-in gas circuit and. Meets a variety of cleaning needs for 800G high-speed, low-speed optical modules, engineering sites, etc. Clean fiber optical connectors Adopting a. The Optical Fiber EndFace Cleaning Machine uses a dual-channel system (injection and absorption) combining liquid and gas for cleaning. [Effective Loss Prevention] Contaminated connectors are the main cause of fiber optic loss.
