

Fiber optic cables are distributed in Vietnam

Summary of Content

Vietnam offers a wide range of fiber optic cables for telecommunications, FTTH, CATV, LAN, and data processing networks, supplied by both local manufacturers and international distributors.

Key Manufacturers and Suppliers

- FPT Telecom International provides high-speed fiber optic internet and private data transmission channels, catering to both individual and business needs .
- CMC Telecom specializes in customized telecommunications solutions, including international connectivity with bandwidth up to 10Gbps .
- Quang Lam Technology manufactures and distributes various fiber optic cables, including outdoor fiber optic jumpers suitable for FTTH and data networks .
- Song Nhan Technology offers fiber optic cables for applications such as FTTH, CATV, CCTV, LAN, and telecom equipment .
- Viet Fiber is a vertically integrated manufacturer producing high-performance fiber optic and copper structured cabling solutions, ensuring quality control from raw materials to final assembly .
- KBI Cosmolink Vina Cable (CVC) focuses on electric wires and cables, contributing to both domestic and export markets .

Types of Fiber Optic Cables

Fiber optic cables in Vietnam are available for multiple applications:
