

Guinea Household Electrical Distribution Box Models and Prices

Summary of Content

In Guinea, household electrical distribution boxes range from basic residential panels to industrial-grade XRM and three-phase meter boxes, with prices varying by type, capacity, and features.

Common Models and Types

- Three-Phase Meter Boxes
- Designed for prepaid energy metering in West African countries, including Guinea.
- Typically made from polyester or fiberglass, offering durability and weather resistance.
- Suitable for residential and small commercial installations.
- Can handle multiple circuits and are compatible with local power utilities .
- Waterproof Distribution Boxes (NEMA 4X / IP66)
- Fiberglass enclosures suitable for outdoor installations.
- Dimensions like 16x16x8 inches are common.
- Features include double locks and protection against dust and water ingress.
- Available online through platforms like Ubuy Guinea, with international shipping options .
