

How much does a Columbia cable tray support cost

Summary of Content

The cost of a Columbia cable tray support typically ranges from \$10 to \$30 per meter for steel trays, with aluminum or coated options costing more, depending on material, size, and installation requirements.

Estimated Pricing

Cable tray supports, including ladder-type or perforated trays, vary in price based on material and finish:

- Steel (hot-dip galvanized or pre-galvanized): \$10–\$30 per meter, commonly used for general-purpose installations .
- Aluminum: \$20–\$50 per meter, lightweight and corrosion-resistant, suitable for outdoor or industrial environments .
- Stainless steel: Highest cost, used in highly corrosive or hygienic environments, such as food processing or coastal areas .
- Plastic or FRP trays: \$10–\$50 per meter, budget-friendly but limited in load capacity .

Factors Affecting Cost

- Material: Steel is cheaper than aluminum or stainless steel. Coatings like HDG or powder coating increase durability and cost .
- Tray Type: Ladder trays support heavier cables and cost more than wire mesh or perforated trays .
