

How much does it cost to customize cable tray mesh in India

Summary of Content

Custom wire mesh cable trays in India typically cost between ₹1,200 to ₹3,500 per meter, depending on size, load capacity, coating, and other specifications.

Factors Affecting Cost

- **Tray Dimensions and Load Capacity:** Standard trays with a width of 600mm and depth of 100mm can handle up to 300 kg per meter. Increasing width, depth, or load capacity raises the cost .
- **Wire Diameter and Mesh Size:** Wire diameters are usually 4mm, and mesh sizes are 100mm x 50mm, but both can be customized. Larger wire diameters or smaller mesh sizes increase material usage and cost .
- **Coating and Finish:** Options include electroplated zinc, powder coating, or plastic coating. Corrosion-resistant coatings or special finishes for harsh environments add to the price .
- **Bends and Accessories:** Custom bends (horizontal, vertical, T-junctions, crosses) and ready-to-fit accessories for complex cable routing increase fabrication costs .
- **Quantity and Supplier:** Minimum order quantities vary by manufacturer, and bulk orders may reduce per-meter cost. Trusted suppliers in India include Pratik Cabletray Pvt. Ltd., SK Weldedmesh, and MadeWithLess, all offering customization .

Typical Price Range

- Standard wire mesh cable tray: ₹1,200 – ₹1,800 per meter
