

Huawei Industrial Switch with 8 Optical Ports

Overview

Introducing the Huawei S5735I-S8U4XN-V2, a reliable switch designed for enhanced performance in various network setups. With 8*10/100/1000BASE-T ports and 4*10GE SFP+ ports, this fanless, PoE++-enabled switch is perfect for industrial environments requiring stable and. The built-in power module can provide 124 W PoE power, which ensures full PoE power on 8 ports in compliance with 802.3af or on 4 ports in compliance with 802. The switch has a built-in fan for forced air cooling. They stand out with an industrial-grade operating temperature range to withstand harsh outdoor cabinet environments. Combining full PoE+ capability with 10GbE fiber uplinks, this switch is the backbone for high-definition IP surveillance, outdoor Wi-Fi 6 APs. Discover Huawei 8x 8-port switches with high-speed connectivity and advanced network management for seamless business performance. A 10/100/1000BASE-T Ethernet electrical port sends and receives service data at 10/100/1000 Mbit/s. The DI port is used to. Fanless Heat Dissipation: Natural cooling design ensures silent and dust-free operation.
