

Huawei Switch 28-Port Fiber Optic Port

Summary of Content

Huawei 28-port fiber optic switches, such as the S5700, S2750, and S6730-H series, offer high-performance, multi-speed optical connectivity with flexible management and power options.

Key Models and Specifications

1. Huawei S5700-28X-LI-24S-AC

- Ports: 24 x 100/1000BASE-X fiber ports plus 4 combo ports (optical/electrical)
- Port Features: Combo ports allow either optical or electrical connection, but only one active at a time. Auto-detection determines the active port if no module or cable is connected. Ports support 100 Mbit/s or 1 Gbit/s speeds .
- Power: AC power module with optional RPS backup; RPS is not hot-swappable .
- Cooling: Air holes above optical ports for heat dissipation .
- Use Case: Enterprise access and aggregation layer, suitable for campus networks.

2. Huawei S2750 Series

- Ports: 28-port models with fiber and copper options (e.g., S2750 28TP-EI-AC)
- Optical Modules: Supports GE-CWDM and GE-DWDM modules for flexible fiber deployment .
- Power: AC power with grounding; terminal locking latch not included .
