

Huawei Switch 8-pin Optical Port

Overview

Huawei S310S-8P4JX is a manageable L3 switch equipped with 8x 1Gbit Ethernet with PoE+ support, 2x 2. It supports all common L2 functions and additionally offers static routing and a DHCPv4 server. The built-in power module can provide 124 W PoE power, which ensures full PoE power on 8 ports in compliance with 802. For details, see GE eSFP Optical Modules (a maximum transmission distance of 40 km), GE SFP Copper Modules, and 10GE SFP+ Optical Modules (a maximum transmission distance of 10 km). Administrators can configure, monitor, and optimize the. The Huawei 8 Port PoE Switch is a reliable and efficient networking solution designed for small to medium-sized businesses and home offices that require Power over Ethernet (PoE) capabilities. This switch not only provides high-speed data transmission but also delivers power to compatible devices. Super-flexible, easy-to-manage platform that lets you optimize L3 switching capacity and downstream port bandwidth from 100 Mbit/s to 1 Gbit/s. Management is possible through a web interface.
