

# Indonesia RoHS Active Optical Module 10G

## Overview

This Cisco SFP-10G-ZR compatible SFP+ transceiver supports up to 80km over OS2 SMF with an LC duplex connector. It complies with the RoHS Directive 2011/65/EU and features digital diagnostics monitoring via a 2-wire serial interface as specified in SFF-8472. 10Gtek has developed a "matrix cable" to realize coordinated calculation of multiple groups of computing units and to distribute computing power faster in supercomputing. Single-fiber bidirectional (BIDI) optical modules must be used in pairs. This product is already in your quote request list. GAOTek fiber optical transceiver module is a high-performance, cost-effective module supporting data rate of. The Cisco ® 10GBASE SFP+ modules (Figure 1) give you a wide variety of 10 Gigabit Ethernet connectivity options for data center, enterprise wiring closet, and service provider transport applications. Cisco 10GBASE SFP+ modules Cisco SFP+ modules offer the following features and benefits. Interoperable with IEEE 40GbE LR4 and LRL4 for easier migrations from 10G to 40G and to single mode fiber 100G QSFP pluggable transceivers and cables for high density 100G deployments.
