

Mexican Fiber Optic Splice Box 24 Cores

Overview

With a maximum capacity of 24 cores, it has the capability to splice up to 48 cores in total. This IP65-rated fiber distribution box is suitable for both indoor and outdoor applications and can be securely mounted on walls or poles, depending on your installation. The box body is made of reinforced plastic, high strength, resistance, sealed and APPLICATION: Flame retardant and waterproof, prevent vibration, shock, cable stretching, twisting, etc. this fiber optic splice enclosure is suitable for overhead, duct, direct burial and branch connection of various. Splice tray is used in optical distribution frame, distribution box, and splice closures, which is engineered for use with indoor or outdoor splice hardware with both loose tube and tight-buffered optical cable designs. The compact splice cassettes designed for simple, cost effective low and. Shop high-quality 24 core fiber optic splice closures. Durable, waterproof, and suitable for various applications. Perfect for FTTH and FTTX networks. Splice tray expands fiber splice capabilities.
