

Papua New Guinea OPGW Fittings Equipment

Overview

The complete hardware range for ADSS and OPGW fiber optic cable, anchoring and tension clamps, suspension sets, vibration dampers, download hardware, and splice closures, matched to your exact cable diameter and span data. One factory, one matched set, no compatibility. Our Engineering Services team provides expert design and planning for high voltage and low voltage transmission lines, as well as distribution line systems. We specialize in optimizing the layout and ensuring the reliability of power transmission through advanced engineering techniques. These fittings and Accessories are made of Aluminium, Copper, Steel, Plastic/Rubber etc. The hardware provided is designed to meet both the construction and performance. The company has successfully built and put into operation the OPGW dedicated for export, becoming one of the few enterprises in the north with the production capacity of OPGW products dedicated for export.
