

Parameters of a 4-Port Thickened Clip-On Terminal Box

Summary of Content

A 4-Port Thickened Clip-On Terminal Box typically features a compact, wall-mounted design, supports up to 4 fiber cores, and is made from durable, weather-resistant materials like ABS or PC+ABS with IP65 protection.

Key Specifications

Material and Construction:

- Constructed from ABS or PC+ABS, providing strength, anti-aging, and resistance to water, dust, and UV exposure .
- Thickened clip-on design allows secure closure and easy access for maintenance.

Protection level up to IP65, suitable for indoor and outdoor installations . Capacity and Fiber Management:

- Supports 4 fiber cores, compatible with SC, LC, FC, or ST adapters .
- Can accommodate splicing, mechanical connections, and fiber management cassettes.
- Separate paths for feeder cables, pigtails, and patch cords to prevent interference .
- Flip-up distribution panel for easy access and maintenance .

Mounting and Installation:

- Wall-mounted or pole-mounted options available .
