

Pipe Installation Junction Box Bracket

Overview

The JBPM is a universal stainless steel mounting bracket designed for installing electrical equipment — including light fixtures and security cameras — alongside a junction box on pipes, chain-link fences, conduit, and other round structures. Installation plug AS25 is used together with a screw or a nail to fasten boxes to a casting mould through the center knockout in the bottom. Full technical specification details are currently unavailable. For large quantities, help with specification or installation, contact us to discuss contract pricing and credit accounts. Ideal for industrial facilities, warehouses, outdoor. Page 1 Installation Instructions JB005 Junction Box PRODUCT FEATURES ● Provides (6) Discrete circuits for (1) 1-1/4" or (1) 7/8" hybrid feeder cable ● Supports up to (6) individual 11 mm DC power jumpers ● Supports up to (12) individual 6. Table of Contents Disclaimer. Use Mounting Bracket Kit to mount enclosures to a wall.), Size/Dims: fits Concept Enc, Material/Finish: SS Type 304.
