

Price list for installation of wire trough cable trays

Summary of Content

The cost of installing wire trough cable trays typically ranges from \$10 to \$50 per meter, depending on material, type, and installation complexity.

Material Costs

The price of cable trays varies significantly based on the material used:

- Steel trays: \$5–\$25 per meter, widely used for general-purpose installations due to their strength and affordability .
- Aluminum trays: \$6–\$30 per meter, lightweight and corrosion-resistant, ideal for outdoor or humid environments .
- FRP (Fiberglass Reinforced Plastic) trays: \$10–\$50 per meter, suitable for aggressive environments where durability is critical .
- Stainless steel trays: Most expensive, used in high-demand or corrosive industrial settings .
- Wire mesh trays: Economical, lightweight, and faster to install, often costing less than ladder or perforated trays .

Installation Costs

Labor and installation complexity significantly affect the total cost:

- Installation height: Elevated or hard-to-access areas increase labor costs due to additional equipment and safety measures .
