

Price of elevator electrical control boxes in Australia

Summary of Content

Elevator electrical control boxes in Australia typically range from AUD 1,000 to over AUD 5,000 depending on type, features, and customization.

Overview of Pricing

The cost of an elevator electrical control box in Australia varies widely based on elevator type, complexity, and manufacturer:

- Standard pre-assembled control boxes for basic hydraulic or traction elevators generally start around AUD 1,000–2,500. These include essential components like power supply, relays, and basic safety features (Lift Spares Australia, ECD) .
- Advanced or custom control boxes, such as the ENA3-NSE model with battery backup, magnetic sensors, and pre-wired integration, can cost AUD 3,000–5,000 or more, depending on specifications and installation requirements (J&L Elevator Components) .
- Industrial-grade or waterproof enclosures suitable for harsh environments may add AUD 200–500 to the base cost, especially for IP65-rated or impact-resistant boxes (Best Products Australia) .
- Actuator control boxes for elevators or lifting systems, which include multi-channel outputs, overcurrent protection, and remote/Bluetooth control, can range from AUD 500–2,000 depending on the number of actuators supported and smart features (Progressive Automations) .
