

Price of power distribution box power cabinet

Summary of Content

The price of power distribution boxes or cabinets varies widely, typically ranging from \$100 for small residential units to several thousand dollars for industrial or customized cabinets.

Price Range and Factors

- **Residential/Small LV Cabinets:** Basic low-voltage (LV) distribution boxes for homes or small offices generally cost \$100–\$500, depending on the number of circuits, material, and brand .
- **Industrial/Commercial Cabinets:** Medium-voltage (MV) or high-voltage (HV) cabinets for factories, large buildings, or utility applications can range from \$1,000 to \$10,000+, influenced by voltage rating, size, and included components like circuit breakers, busbars, and protective relays .
- **Custom or OEM Cabinets:** Customized cabinets with specific layouts, IP ratings, modular designs, or branding can significantly increase the price. Wholesale orders often reduce per-unit costs, especially for bulk purchases .

Types of Power Distribution Cabinets

- **Low-Voltage (LV) Cabinets:** Operate up to 1 kV, common in residential and commercial buildings .
- **Medium-Voltage (MV) Switchgear Cabinets:** Operate between 1 kV and 35 kV, used in industrial and utility applications .
