

Price of tray-type cable trays in South Sudan

Summary of Content

Tray-type cable trays in South Sudan typically cost between \$5 and \$30 per meter, depending on material, type, and finish.

Price Range by Material

- Steel trays: \$5–\$25 per meter, commonly used for general-purpose installations due to their strength and affordability .
- Aluminum trays: \$6–\$30 per meter, lightweight and corrosion-resistant, suitable for humid or industrial environments .
- Stainless steel trays: Higher-end option, offering maximum durability and corrosion resistance, often used in demanding industrial or chemical settings .
- Plastic trays: Budget-friendly, typically lower than metal trays, but not suitable for heavy loads or high-temperature environments .

Factors Affecting Cost

- Tray type: Ladder trays are more expensive than perforated or solid-bottom trays due to higher load capacity .
- Coating and finish: Hot-dip galvanized, powder-coated, or pre-galvanized finishes increase durability but also raise the price .
- Length and bulk orders: Standard lengths are usually 2–2.5 meters; buying in bulk can reduce per-meter cost .
