

Romanian wiring unit 8 cores

Summary of Content

Romania offers a variety of 8-core cables suitable for industrial, electrical, and telecommunications applications, produced by several established manufacturers.

Key Romanian Manufacturers and Suppliers

- **Multicab Electro:** Based in Beclean, Bistrita-Nasaud, Multicab Electro produces a full range of electrical copper cables, including multi-core cables with PVC insulation. They specialize in high-quality manufacturing using modern technologies and certified raw materials, making them a reliable source for 8-core wiring units .
- **Halley Cables:** Offers a wide selection of cables for industries such as naval, mining, petroleum, aeronautics, and renewable energy. They provide fast delivery and can supply specialized 8-core cables for industrial applications .
- **Polytrade Global and MARCOFIL PRODIMEX SRL:** These companies provide copper and aluminum multi-core cables, flexible cables, and signaling cables. They cater to energy distribution, construction, and telecommunications sectors, ensuring compliance with EU standards .
- **Mecatronics:** Specializes in bespoke cable assemblies and harnesses, including complex 8-core configurations. They offer small or large volume production with quick turnaround and can provide first-off approval samples .

Applications of 8-Core Cables

- **Industrial Control Systems:** Multi-core cables are commonly used for connecting machinery, control panels, and automation systems.
