

South African Vibration Optical Cable Brand

Overview

Aberdare Cables is Southern Africa's largest and leading supplier of intelligent energy inter connection products and services in Africa. We anticipate market needs, innovate and constantly refine our manufacturing processes and products to deliver faster speeds and more flexible. Alvern Cables' Instrumentation & Control Cables are precisely engineered to ensure accurate, interference-free signal transmission between instruments, sensors, and monitors. Available in various constructions, including overall and individually screened options, with or without armouring, these. During 1988 a decision was made to consolidate the two factories and in March 1989 an industrial site of 18000 square meters was acquired in Roodekop, Germiston and a modern factory and offices covering 5 500 square meters were erected. Fibre Copper Cables & Accessories was established in September. ETHERLINE® GUARD is a stationary monitoring device that evaluates the current performance of a data cable and indicates it as a percentage. Find our Catalogues in a downloadable pdf format. Established in 1946, the company offers cable designs, product development, installation support, commissioning and diagnostic testing through their engineering. The AECMSA will represent South African cable manufacturers in interactions with Governments, Government Authorities, supplier and customer associations and other industry bodies.
