

Supply of fireproof cable trays in India

Summary of Content

India offers a robust supply of fireproof cable trays, including FRP/GRP and metal variants, from leading manufacturers like Ferrotech, Ajay Industrial, Pratik Cabletray, and Aeron Composite.

Leading Manufacturers and Products

Ferrotech India supplies FRP cable trays and accessories suitable for chemical plants, refineries, oil and gas industries, ports, and power plants. Their trays comply with IS 6746 for surface burning tests and ASTM-D-635 for flammability, and are available in ladder and perforated types with widths from 50 mm to 1000 mm and thicknesses of 3-5 mm. Ajay Industrial Corporation Limited (AICL) manufactures perforated and ventilated cable trays in HR sheet, GP sheet, Galvalume, stainless steel, and aluminum, with surface finishes like hot-dip galvanization, powder coating, and self-finish options. Their trays are designed for low voltage and communication cables, ensuring corrosion resistance and compliance with safety standards. Pratik Cabletray Pvt. Ltd. specializes in FRP cable trays including ladder, solid bottom, trough, channel, and wire mesh types. These trays are lightweight, corrosion-resistant, electrically non-conductive, and suitable for power plants, chemical factories, refineries, and infrastructure projects. Aeron Composite offers GRP/FRP cable trays and ladders with fire-retardant properties, manufactured from glass-armored thermoset resins. Their systems include ladder and perforated trays, along with a wide range of fittings like bends, tees, reducers, and covers. They comply with IS 6746-1994 and NEMA FG-1 standards, providing durable, low-maintenance solutions for industrial and chemical environments.
