

Telecom Fiber Optic Home 5-Port Switch

Overview

Equipped with one fixed 1000Base-FX fiber optic port and four 10/100/1000Base-T UTP RJ-45 ports, this reliable switch eliminates the limitations of CAT5e UTP cables and extends your network's range. The next generation of smart switches from Cisco, purpose-built to power, secure, and simplify the network for AI. Modular switches for enterprise-class midsize and large campus access networks Fixed stackable switches for enterprise-class lean-branch and campus access networks that need extra. In this guide, we've tested and reviewed the best 5-port Ethernet switches available on the market. From speed and durability to advanced features like Power over Ethernet (PoE) and Quality of Service (QoS), we'll walk you through everything you need to know to make an informed decision. Check out. The LevelOne FEU-0511 is a compact 5-port Fast Ethernet switch with an integrated media converter, designed to bridge copper and fiber networks in small offices, industrial sites and remote locations. GPON, XGS-PON or 25G PON, residential or business, with or without voice support (POTS).
