

Warranty on 10G carrier-grade router

Summary of Content

Most 10G carrier-grade routers come with a limited warranty ranging from one year to several years, covering defects in materials and workmanship, with specific conditions for repair or replacement.

Connect Tech Xtreme/10G Router

The Xtreme/10G Managed Ethernet Switch/Router from Connect Tech includes a one-year limited warranty. During this period, if the product fails due to defects in materials or workmanship, Connect Tech may repair or replace the device at no charge, provided it has not been subjected to abuse, misuse, accidents, disasters, or unauthorized modifications. Warranty service requires proof of purchase and pre-authorization with an RMA number, and the product must be shipped prepaid and insured. Connect Tech reserves the right to substitute an equivalent product if the original is irreparable .

Cisco ASR1001X-10G-K9 Router

The Cisco ASR1001X-10G-K9 router typically comes with a 365-day warranty for new and refurbished units. This warranty covers hardware defects and ensures that the router operates as intended under normal use. Warranty claims generally require proof of purchase and may involve repair or replacement through Cisco-authorized channels . Cisco also offers extended support and service contracts for enterprise deployments, which can extend coverage beyond the standard warranty period.

General Considerations

- Coverage: Warranties usually cover manufacturer defects in hardware but exclude software, packaging, and damages caused by misuse or unauthorized modifications .
