

Which company is best for fiber optic cable splicing

Summary of Content

Top fiber optic splicing services in the U.S. include JDI Fibertech, American Fiber Splicing LLC, Spligitty, ProSplice, Network Connex, and FiberLink Solutions, each offering expert splicing, testing, and emergency restoration.

Nationwide Leaders

JDI Fibertech provides nationwide fiber splicing services for FTTx, data centers, and emergency restoration. They deploy experienced, OSHA-trained crews, deliver audit-ready documentation, and offer turnkey project management with precise OTDR testing and reporting . ProSplice specializes in fiber installation, splicing, repair, and emergency restoration with a turnkey approach. Their technicians have decades of combined experience and use advanced equipment to meet high industry standards . Network Connex offers large-scale fiber splicing, high-count mass fusion splicing, and integrated testing services. They support complex networks, including dark fiber, data centers, and municipal systems, with over 20 years of experience . FiberLink Solutions provides end-to-end fiber splicing, backbone splicing, OTDR testing, and network diagnostics. They focus on precise, reliable solutions for multi-state backbone networks and enterprise infrastructure .
