

Wholesale of large-capacity fiber optic cable junction boxes

Summary of Content

Large-capacity fiber optic junction boxes are available from multiple wholesale suppliers, offering scalable, durable, and customizable solutions for indoor and outdoor network deployments.

Key Features and Applications

Large-capacity fiber optic junction boxes are designed to protect, organize, and manage optical fibers in high-density networks. They support splicing, termination, and distribution of fibers, with capacities ranging from dozens to hundreds of fibers per box. These boxes are suitable for FTTH, backbone, access, and campus networks, and can be installed indoors, outdoors, on walls, poles, or aerial setups. High-capacity models often include splice trays, slack storage, strain relief, and environmental sealing to ensure signal integrity and durability.

Wholesale Suppliers and Options

- Alibaba.com offers a wide range of wholesale fiber optic junction boxes, including high-capacity models for industrial and telecom applications. Buyers can request customized configurations, bulk pricing, and detailed specifications based on fiber count, connector type, and installation environment.
- Fenxi Optoelectronics Technology specializes in high-performance optical cable connector boxes for telecom operators and system integrators, supporting both indoor and outdoor installations with various connector interfaces like SC/APC and LC/UPC.
